Weight	3lb (1.4kg) each
Finish	 Black

Audio optimized for any space.

ARC™ Technology, with Paradigm's exclusive **Calibration Microphone**, uses advanced DSP algorithms to optimize speaker performance in any space. In just a few easy steps the microphone measures sound output, compares it to scientifically optimal response curves, and instantly adjusts your wireless speaker's output for perfect sound. You'll actually hear the difference **Anthem Room Correction** makes. No other wireless streaming audio system has it.
